

ibench  
bench desking system ■

imperial

Office furniture

## Introduction

iBench offers a full compliment of desking, pedestal and storage solutions. Available as a fixed or sliding top system, iBench can be adapted to cluster footprints or individual workstations. Recently developed to compliment the Hoop leg are the new stylish 'A' frame and Goal Post leg designs. A cable management facility can be incorporated to intermediate leg frames with the use of cable risers. Unsightly cabling can be carried underneath desk tops by single or double flip-down cable trays. In development, our spine rail screen system further enhances the iBench range and overhead storage is available to create a more efficient working area.

Storage solutions within the iBench range have been designed to offer functionality and flexibility with uniquely developed double combination units from pedestals with integrated cupboards to side filer units with lockable tambour doors. iBench will assist in providing a professional, sophisticated and corporate company image incorporating contemporary design elements with modern materials and finishes.

## Storage & Meeting Tables

Unique and stylish storage solutions have been designed to compliment the iBench range. Roll under and roll up units on heavy duty castors allow total flexibility for the user. iBench storage is one of the most practical ranges available for the modern day office. The inclusion of combination units from pedestals with integrated cupboards' to side filers with a lockable side tambour door, offer a refreshing new look to office storage. All storage units are manufactured with 25mm tops, sides and base and complete with an 18mm solid back and are available with a choice of white or stainless steel handles. Meeting tables are available in various shapes and sizes accommodating all 3 leg designs. Optional power modules can be fitted to allow data and power management.

## Available Board Finishes

All products within the iBench range are available in all 15 Imperial board finishes and incorporate 2mm PVC edging tape. All product manufactured in MFC (Melamine Faced Chipboard) by Imperial Office Furniture have been from FSC certified suppliers.
