

LEE & PLUMPTON

AURABENCH

Product Guide

'Changing the way
you work'

40 years of manufacturing
excellence in the UK and we are renowned for
our commitment to efficiency, quality and the
environment. We offer industry leading timescales,
with around 50,000 items available from stock,
delivered using our own fleet of vehicles.

Finding Your Furniture Solution

Our furniture ranges are designed with the precision and accuracy that our customers have come to expect from us. Our unrivalled tailored solutions service offers furniture pieces specifically designed to meet your individual requirements.

10 Year Guarantee

Every product we manufacture undergoes rigorous quality checks throughout the production process. We are so confident that our furniture is manufactured to the highest possible standard that every stocked range is covered by a 10-year guarantee. For further details please visit www.leeandplumpton.co.uk/downloads/terms-conditions.

Plan your room

Our team will work closely with you from initial concept to final visualisation resulting in well presented carefully thought out office solutions. We use the latest design technology to create 2D and 3D space plans.

UK manufacturer

AURABENCH

AURABENCH combines a contemporary and minimalist design, whilst providing a fully cable managed solution to offer maximum flexibility in a variety of office environments.

Desk Shapes

Rectangular

Wave

Specification

25mm desk top made from Grade E1 melamine faced high density particle board and a 3mm edging.

Standards

The AURABENCH has been designed to conform to the new European standard for desk dimensions BS EN 527-1 2011 with a height of 740mm.

Wood Finishes

Beech, Light Oak, Maple, Cherry, Birch, White or Walnut.

Metal Work

Silver as standard, White available upon request.

Right:
Rectangular, Walnut:
Featured is a Set of 6 Bench desks in Walnut with White frame. Attached is a row of toolrail screens in Trinity fabric. Mobile pedestals are featured in Walnut with White drawer fronts (available upon request via Tailored Solutions).

'The mark of distinction'

Left:
Single Rectangular, White:
 Featured is the Rectangular Single desk in White with a Silver frame.

Right:
Single Rectangular, White:
 Featured is the Rectangular single desk in White with a Silver frame and the cable management open.

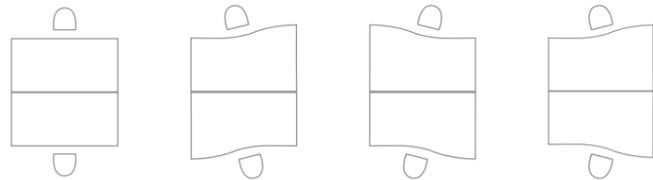

Single Bench Desk

The sleek Bench design with a floating top and scalloped cable ports adds a distinctive look and feel. The cable management is accessible via the cover plate at the rear of the desk, concealing visible wiring with ease.

See page 20-21 for a selection of additional accessories.

Set of 2 Bench

Integrated cable management is provided as standard to span the full length of the Bench system, with the flexibility of separate cable management positioning to suit your requirements. See page 18 for further details.

Vertical Cable Tower

Vertical cable towers can be fitted to group configurations to offer a seamless and integrated solution. Please refer to the AURABENCH price and specification guide for more details.

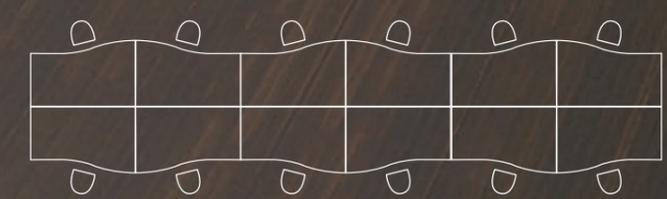

Right:
Set of 2 Bench, Walnut:
 Featured is a Set of 2 Bench desks in Walnut with a Silver frame. Attached is a single Executive toolrail screen in Trinity fabric with Silver frame.

Set of 12 Bench

With a future-proof design the AURABENCH system enables the addition of desks as your team expands. See page 15 for further details.

“We have a commitment to efficiency, quality, service and the environment... working towards a more sustainable and greener future”

17 tonnes
Around 17 tonnes of cardboard and paper waste is recycled every year.

13 tonnes
Around 13 tonnes of metal from our manufacturing process is recycled every year.

Environmentally Friendly

We care about the environment and recognise our responsibility to consider all aspects of our manufacturing processes and the impact they have upon the environment.

We are committed to continually improving the ways in which we can minimise any effects upon the environment including the reduction of waste, this is managed through our ISO14001 Environmental Management System to measure and assess our efforts.

A chain of custody certification by the Forest Stewardship Council® (FSC®) ensures our raw wood materials are purchased from responsible sources.

The certification represents the unbroken path which products take from the forest, including all stages of manufacturing, transportation and distribution. Providing evidence that certified products originate from well-managed forests. Regular company audits ensure strict compliance.

In addition, we endeavour to reduce carbon emissions via our own transportation and continue numerous recycling initiatives as part of our ongoing commitment to work towards a more sustainable and greener future.

To read more about our environmental policy visit www.leeandplumpton.co.uk/company/policies

Certifications

We are certified by the most prestigious industry governing bodies. Upholding our commitment to quality, service and the environment.

Memberships

As a manufacturer of quality office furniture we feel it is important to be part of developments within the industry.

665 tonnes
Approximately 665 tonnes of off cuts and sawdust are recycled into Bio-Fuel products locally and recycle schemes every year.

90%
Reusable plastics from our manufacturing processes are made into products used in the building industry. The remaining 10% of plastic is waste and is used for waste to energy.
